

# *Learning at River View*

## Spanish SEND intent

At River View we believe in the importance of language for all our children. Learning languages gives pupils opportunities to develop their listening, speaking, reading and writing skills and to express themselves with increasing confidence, independence and creativity. They explore the similarities and differences between other languages and English and learn how language can be manipulated and applied in different ways.

We aim to ensure our learners have access to the River View curriculum that;

- set suitable learning challenges
- responds to pupils' diverse learning needs
- overcome potential barriers to learning and assessment for particular individuals and groups of pupils.
- thought carefully about when asking questions questions teachers will ask different groups and individuals and the ways teachers will check that pupils understand will be individualised where needed
- Spanish lessons that are inclusive, where teachers need to anticipate what barriers to taking part and learning particular activities, lessons or a series of lessons may pose for pupils.
