

River View Sports Premium Spending 2023/2024

Sports Premium funding is being used to improve the quality and breadth of PE provision, including increasing participation in PE and sport so that all pupils will adopt healthy life-styles and reach the performance levels they are capable of.

Amount of Grant Received
£19,876

School Principles for PE and Sport Premium Grant Spend

At River View, we ensure that teaching and learning opportunities in PE are high quality, meeting the needs of all pupils so they may achieve their potential.

We provide a broad PE curriculum.

Sport Premium funding is allocated and targeted based on needs analysis which identifies priority classes, groups or individuals who will benefit from intervention in PE and Sport. Limited funding and resources means that not all children will be in receipt of sport premium interventions at one time.

Summary of spending and actions to be taken:

- 1. Purchase new equipment to supplement delivery of alternative sports and to ensure children are engaged and therefore, more likely to continue to partake in sports.**
- 2. Increase the amount of inter-school competitions that children at River View attend.**
- 3. PE Staff to attend courses in order to create more opportunities to introduce new sports to the school and also to further knowledge on how to support students with disabilities or specific special education needs.**
- 4. Increase sporting opportunities in and out of school for SEND children.**

5. Increase participation in sport across the whole school.

Expected Outcomes:

1. New equipment will ensure children are engaged and excited about their PE lessons. Equipment of alternative sports will ensure children have the opportunity to sample new sports and new experiences.
2. Competition is beneficial to children because it raises their well-being, self-belief and mental toughness. It also has positive effects on their self-confidence.
3. CPD is vital for staff to broaden their experience and ideas for planning lessons. It will also give them greater knowledge of supporting certain groups of children that require additional support.
4. It is vital that all children, including SEND, have the same opportunity to compete in school competitions as each other.

RAG rated progress:

- **Red** - needs addressing
- **Amber** - addressing but further improvement needed
- **Green** - achieving consistently

Key Priority 1

Purchase new equipment to supplement delivery of alternative sports and to ensure children are engaged and therefore, more likely to continue to partake in sports.

Actions and strategies	Cost	Intended impact	Evaluation	
Buy and hold a stock of swimming equipment. (swimming hats, trunks, costumes, towels)	£500	Having this stock will ensure that all children have the opportunity to take part in swimming lessons. These are vital skills as swimming is a key part of the national curriculum and all pupils leaving year six should be able to swim competently, confidently and proficiently over a distance of at least 25 metres, using a range of strokes effectively and be able to perform safe self-rescue in different water-based situations.		

Purchase of annual subscription to PE Passport	£500	This is a vital tool that supports staff with the planning and delivery of lessons. This portable app also helps with the assessment and tracking of children.		
Salford Schools Sports Partnership-bronze package	£850	Creates a wider competition calendar with up to date curriculum advice.		
Improve and update staff uniform/kit	£200	Provide staff with new sports clothing that is comfortable and practical.		

Key Priority 2

Increase the amount of inter-school competitions that children at River View attend.

Actions and strategies	Cost	Intended impact	Evaluation	
Purchase personalised, engraved medals and trophies that children will receive just for attending competitions.	£500	This will hopefully increase motivation for children and give them a sense of achievement. Children will want to compete against local schools which will lead to more desire and determination in competitions.		
Use sports premium funding to provide PE cover, so that current PE staff can take children to inter-school competitions.	£1000	This is an area that the PE team feel is vital. Children at River View did not attend enough competitions last year, and as a result, children lacked experience and confidence in competing against children from other schools.

Key Priority 3
PE Staff to attend courses in order to create more opportunities to introduce new sports to the school and also to further knowledge on how to support students with disabilities or specific special education needs.

Actions and strategies	Cost	Intended impact	Evaluation	
Continue to create a sustainable link with the Boxing coach in order to improve children's self-esteem and confidence.		The delivery of Boxing will be a positive experience for children and staff as the coach will bring in fresh ideas that allow children to enjoy and excel. The activities will teach children respect, determination and provide them with a new set of skills that should have a positive impact on their confidence. The PE team will also broaden their knowledge of how to deliver different types of activities that successfully engage all children to make it a positive experience for everyone.		
Staff to attend PE CPD and courses to gain more coaching badges and experience. Staff have requested further coaching when dealing with children with SEND and alternative strategies for supporting them in class.	£1000	Helps develop the PE team's knowledge, understanding and the delivery of a wide variety of new sports. Extra support and coaching will give staff fresh ideas and provide them with more strategies and techniques when supporting children from key groups of children.		
PLT Training days/ conferences	Part of the games mark package	Helps with the understanding of school sport and boost the delivery of lessons and the assessment strategies. This		

		<p>is also a good opportunity to meet elite performers and be introduced to more external providers.</p> <p>These conferences also introduce staff to important updates within the subject and also vital documents like: <i>Levelling the playing field:the physical education subject report.</i> (OFSTED. 2023)</p>		
Skateboarding taster days for 6 classes.	£300-£400	This taster day will introduce children to the newly introduced Olympic sport of skateboarding. Skateboarding enables a child to develop balance, coordination, motor skills, and spatial awareness, as well as providing enjoyment and physical activity through learning a new sport.		
<p>Key Priority 4 Increase sporting opportunities in and out of school for SEND children.</p>				
Actions and strategies	Cost	Intended impact	Evaluation	
Thursday morning Thrive groups. 1 hour a week for 6-8 weeks, targeting children that suffer with anxiety or apprehension in school.	£1000	<p>This course will give children that suffer with anxiety a safe, quiet environment where they can confidently partake in sporting activities each week, building their confidence.</p> <p>This course is sustainable and the current PE staff can continue to deliver these sessions, which will benefit more children throughout the school.</p>		
Continue to develop links with schools and arrange events for our SEND		Create sustainable relationships with other local schools so the events can run on a yearly basis. This will provide regular opportunities for our SEND children.		

children to compete in activities.				
Organise trips out to external providers.	£1000	This will increase opportunities for our children to take part in a range of activities and for them to develop new skills socially, physically and mentally.		
After school clubs from an outside provider	£750	Further opportunities will be accessible for our SEND children through the organisation of clubs. These will link in to the activities performed from events and trips out.		
Purchase appropriate equipment for SEND children	£1000	Specialised equipment will allow children to develop their skills naturally. Children will be able to take part in sporting activities with confidence. This is vitally important because physical activities can help a child's self-esteem and confidence, especially those who are suffering from anxiety or apprehension in school.		

Key Priority 5

Increase participation in sport across the whole school.

Actions and strategies	Cost	Intended impact	Evaluation	
"Change for life club" small nurture group (lunchtimes) aimed at increasing levels of sporting participation in	£250	Increase the activity levels of certain children in school, leading to a healthier and more active school cohort.		

children that don't partake in any form of exercise.				
Take target groups on trips out to take part in alternative sports. Trips out to Events and competitions.	£1000	Exposing children to new and alternative sports is important as it helps engage them and hopefully lead to higher levels of participation in the future.		
Create a link with a community Karate Club	£1000	Provide children with further opportunities to learn and develop alternative skills in PE. We can further advance these skills in after school clubs / siblings clubs - targeting families with more than 1 child in school, making it easier to collect them altogether after a club.		
Graystone Action Sports	£2000	To provide a unique opportunity for children to take part in a range of action sports such as, Skateboarding, Scooter, BMX, Freestyle Gymnastics and Bouldering (PE slots - Friday afternoons)
